CLUB WILL STUDY CHILDREN'S NEEDS

Monday Evening Organization Will Take Up Subject At Once.

"Schools and School Children" will be the general subject to receive the attention of the Monday Evening Club this winter.

This announcement is contained in the notices of the November meeting of the club, sent out today, and inviting members and all persons, interested to attend the session of the club Monday evening at the Y. M. C. A., where the first of a series of questions relating to the schools and school children of Washington will be discussed.

It is the hope of the club to bring about a thorough discussion of school conditions, to ascertain what reforms are needed in the schools of the District, and to put under headway a vigorous movement for their accomplishment.

The program of the club for the rest of the season follows:
December—"School Hygiene." (a) "Mental and Medical Inspection." (b) "School Nurses."
January—"School Hygiene." (c) "Open Air Schools."
February—"Monday Evening Club annual banquet." Efficiency of School Children (a) "Books, and Relation to Vocational and Trades." (b) "Vocational and Trade Direction for School Children." (c) "How School Funds are Apportioned." (d) "School Expenses in Relation to the Whole District Budget." Later the club will bring to the city

SAYS QUININE WILL NOT BREAK A SUBBORN COLD

How to cure the most severe cold and end all Gripe misery in just a few hours.

You will distinctly feel your cold breaking and all the Gripe symptoms leaving after taking the very first dose. It is a positive fact that *Pape's Cold Compound*, taken every two hours, until three consecutive doses are taken, will end the Gripe and break up the most severe cold, either in the head, chest, back, stomach, or limbs.

It promptly relieves the most miserable neuralgia pains, headache, dizziness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Pape's Cold Compound is the result of three years' research at a cost of more than half a million dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

Take this harmless compound as directed, with the knowledge that there is no other medicine, made anywhere else in the world, which will cure your cold or end Gripe misery as promptly and without any other assistance or bad after-effects as a 25 cent package of *Pape's Cold Compound*, which any druggist in the world can supply.
